This Vehicle's Glossary

Below are the specific definitions for events that appear in this vehicle's report. More information is available in the full [AutoCheck glossary](#).

Term	Section Location	Definition
Flood Brand	Major State Title Brand Check	A vehicle is branded with a flood damage title when the cost of repairs exceeds or is a high percentage of the worth of the vehicle's fair market value as reported by the insurance company.
Salvage	Major State Title Brand Check	A salvage vehicle is a vehicle that has been wrecked or damaged beyond repair; declared a total loss by the insurer; or declared a total loss by reason of theft. When an insurance company as a result of a total loss settlement acquires a vehicle, the insurance company must apply for a Salvage Certificate. If the owner retains possession of a salvage vehicle, the owner must obtain a Salvage Certificate before receiving a total loss statement from the insurance company.
Rebuilt/Rebuildable	Major State Title Brand Check	The vehicle was a salvaged vehicle that was refurbished with new or used parts. An affidavit of repair from the rebuilder or individual making the repairs, stating what repairs were made to the vehicle and that the vehicle is now rebuilt and road operable, may be required to obtain a rebuilt/rebuildable title. These vehicles must also pass a state safety inspection before being allowed back on the road.
Non-title Flood Record	Damage Check	Flood damage is noted when a vehicle suffers extreme damage caused by flood. These records were reported by the auction or salvage auction when the damage was discovered during the inspection, when the seller's disclosed, or when the auction found hail damage/brand history from the DMV and/or insurance company records.
Insurance Total Loss	Other Title Brand and Specific Event Check	Insurance companies label a vehicle a "total loss" when the cost to repair the vehicle to its pre-damaged state exceeds the cost of the vehicle's worth, or actual cash value. Insurance companies must follow certain state law (defined percentage of damage before it can be deemed a total loss) and they also can set their own standards for totaled vehicles.
Titled to an insurance company	Other Title Brand and Specific Event Check	The vehicle's title has an insurance company as the listed owner. This usually signifies that it is probably an insurance total loss when showing after an accident or collision. Insurance companies label a vehicle a 'total loss' when the cost to repair the vehicle to its pre-damaged state exceeds the cost of the vehicle's worth, or actual cash value. Insurance companies must follow certain state law (defined percentage of damage before it can be deemed a total loss) and they also can set their own standards for totaled vehicles.
Personal Use	Vehicle Use	This vehicle was driven for personal use.
